Adopt-A-Road ~ Scottsdale Clean & Scenic Participant Agreement/Safety Form and Waiver of Liability:

The City of Scottsdale Participant Agreement Form must be signed by all volunteers for each event, prior to any activity beginning.

Under Arizona State Statutes and the City of Scottsdale Resolution 3438, volunteer workers are entitled to industrial benefits (workers' compensation). Injuries should be reported to group leaders and documented immediately, even if medical attention is not sought. Please call the Adopt-A-Road Coordinator at (480) 312-7898 to report any injuries or incidents on the first business day after the occurrence.

For safety and liability, **NO ONE UNDER THE AGE OF 12 YRS CAN PARTICIPATE.**

All volunteers must print name, sign and record their phone number in the spaces provided on the Participant Agreement Form **PRIOR** to any litter pick up activity. Any volunteer from 12 to 17 yrs of age must have the parent or guardian's signature on the Participant Agreement Form **PRIOR** to the activity.

Adult supervision is required for anyone between 12 to 17 years of age. A *minimum* of one adult to every 10 children is recommended.

All program participants must be instructed in safety precautions by their team leader prior to each litter pick up activity. Topics include: heat protection, water needs, safety vest and glove usage, native animals, identifying dangerous litter objects, and maintenance and use of a first aid kit, among any other safety instructions.

Volunteers must be instructed to pick up litter only. Dragging sofas, refrigerators and large objects may cause injuries and may put desert volunteers in contact with rattlers, scorpions or cactus. Do not attempt to collect health hazards such as syringes and car batteries. Instead, call the Adopt A Road Coordinator at (480) 312-3111 with information on the location of large or hazardous objects—we will pick them up.

Litter pickups must only be performed during daylight hours and in good weather. We encourage litter pick-ups on days and at times when the roadway is least traveled; for most roads this is early on weekend mornings, especially Sundays.

Only public property such as sidewalks, easements and rights-of-way should be entered.

Participants should not enter the driving surface of the roadway or cross the roadway to the medians at any time. In most areas, driving surfaces are demarcated by a curb; in areas with no curb the driving surface is usually asphalt abutting dirt or concrete.

Groups are not required or allowed to clean medians; medians are cleaned by contracted service providers or city staff.

Volunteers should bring their own sunscreen, hats, and drinking water.

Filled bags can be placed on one side of the road for easier city pick up, but do not have your group crossing a busy roadway or a median unnecessarily; leaving bags on both sides is acceptable.

No alcoholic beverages will be used before or during cleanup activities. Anyone under the influence of alcohol, drugs or narcotics are prohibited from participating and must be asked by the team leader to leave the work site immediately.

By signing the Participant Agreement Form, participants agree that they understand and will follow these safety guidelines.
